

This Week's News

We are excited to introduce a [new platform for start-up presentations on Tuesday 25 June, 18:15 - 20:15](#). This is an opportunity for start-up companies to present their products and business models to the academic and industrial attendees of the conference. The event will be opened by a keynote from Steffen Wagner, Co-Founder and Co-CEO of investiere. Founded in 2010, investiere offers private and institutional investors direct and professional access to startup investments.

After the session, there will be a mixer which will allow you to mingle with representatives and discuss their presentation.

If you are a **registered attendee of the conference** and **would like to be in the audience** of this Start-Up Presentation Session, please **RSVP below**.

Tuesday, 25 June
